The Vegan India Conference is a flagship event of Vegan First - indiaâ??s leading vegan publication.

This is an annual event by Vegan First held in partnership with Mohanji Foundation and the World Vegan Organisation.

The second edition of Vegan India Conference will be held virtually on 24-27 July 2021. An annual initiative by Vegan First VIC, Vegan India Conference is one of the most sought-after vegan events in Asia.

VIC encourages you to rethink food, fashion, and technology through a plant-based lens.

Evolve 21: Highlighting plant-forward innovations

The theme for this year, ‘Evolv21,â?? addresses Indiaâ??s dire need for alternatives at the intersection of food, material technology, innovation, food security, bio-economy, and resource deployment.

The conference is dedicated to a deep dive into some of the most challenging questions faced by food technologists, entrepreneurs, scientists, doctors, nutritionists, and medical institutions today. We share revolutionary studies and discuss the advancement and limitations of plant-based foods and materials.
