Infinitus launches its first healthy drinks concept store at china

03 March 2022 | News

Infinitus recently launched its first healthy drinks concept store at Guangzhou Infinitus Plaza in Guangzhou. The store provides shoppers a fast, convenient way to buy Infinitusâ?? health products and serves as a new outlet that connects with and serves consumers.

The health-oriented concept store sells more than ten kinds of tea drinks, all of which were created based on Infinitusâ?? many years of experience in the manufacture of health products

Infinitus recently launched its first healthy drinks concept store at Guangzhou Infinitus Plaza in Guangzhou. The store provides shoppers a fast, convenient way to buy Infinitusâ?? health products and serves as a new outlet that connects with and serves consumers.

The health-oriented concept store sells more than ten kinds of tea drinks, all of which were created based on Infinitusâ?? many years of experience in the manufacture of health products.

Most notably, the storeâ??s flagship product, Health-Enhancing Milk Tea, looks very much like a popular caramel-favored milk tea, yet comes with mushroom powder and crisp toppings that boost the immune system and, at the same time, enhance the taste through the addition of rich aromas. Other popular healthy drinks available at the store include the full-flavored Yam Nourishing Milk Tea and the refreshing Balsam Pear Slim Tea.

The storeâ??s health-oriented approach is complemented by its Chinese-style interiors that highlight an eye-catching wall featuring an entertaining interplay between a depiction of traditional Chinese medicine cabinets and a large three-dimensional milk tea cup. The storeâ??s blend of the traditional and the modern in its design serves to convey the benefits of a wellness culture.
