Multi Grains Cracker-Cocoa is a creative product, rich in natural nutrients

Yikoutian, the natural food leader under UNIQUE ORGANICS CORP., introduces the chocolate-flavoured version of their long-anticipated multi-grain crackers. This highly awaited snack choice offers a guilt-free indulgence while embodying the core values of health and safety.

Yikoutian has always been committed to providing consumers with healthy and safe food options. The launch of Multi Grains Cracker-Cocoa reaffirms this commitment, providing consumers with a fresh snacking experience without worrying about their health.

Multi Grains Cracker-Cocoa is a creative product, rich in natural nutrients. It combines 13 different grains, such as nuts with beneficial fats, protein, and fibre; grains packed with vitamins, minerals, sugars, fats, fibre, and proteins; and chocolate known for its benefits to brain function, cardiovascular health, and stress reduction. These Crackers incorporate 100% pure dark chocolate, ensuring a rich source of natural nutrition. Adhering to their core principle of health, Yikoutian ensures no preservatives, artificial colours, or chemical ingredients are added, allowing consumers to enjoy this delicious snack with peace of mind.

Manager Yan Yongyu of UNIQUE ORGANICS CORP. stated, "We have consistently pursued innovative healthy food, and Multi Grains Cracker-Cocoa are a result of our relentless efforts. We aim to provide consumers with a guilt-free snacking

option, allowing them to take care of their bodies while savouring delicious flavours."
