

Singapore International Agri-Food Week 2024 to return in November

08 October 2024 | News

Themed 'Scaling Innovation in Asia's Agri-Food Systems', SIAW 2024 comprises four constituent events: the Roundtable on Novel Food Regulations, the Asia-Pacific Agri-Food Innovation Summit, the Agri-Food Tech Expo Asia, and the Global Agri-Food Scientific Symposium

Themed 'Scaling Innovation in Asia's Agri-Food Systems', SIAW 2024 comprises four constituent events: the Roundtable on Novel Food Regulations, the Asia-Pacific Agri-Food Innovation Summit, the Agri-Food Tech Expo Asia, and the Global Agri-Food Scientific Symposium

The Singapore International Agri-Food Week (SIAW) returns for its fourth edition from 18 to 22 November at Sands Expo & Convention Centre, Marina Bay Sands. Asia's leading platform for knowledge exchange, networking, and collaboration, SIAW gathers global industry leaders, policymakers, decision-makers, and innovators to explore groundbreaking solutions, forge new partnerships, and advance agri-food technology development and adoption across the region.

Themed 'Scaling Innovation in Asia's Agri-Food Systems', SIAW 2024 comprises four constituent events: the Roundtable on Novel Food Regulations, the Asia-Pacific Agri-Food Innovation Summit, the Agri-Food Tech Expo Asia, and the Global Agri-Food Scientific Symposium. These events showcase the latest innovations in sustainable food production, while providing attendees with multiple opportunities to create and share solutions amongst a like-minded community committed to driving impactful change in the region's agri-food industry.

The week will begin with the SIAW Welcome Reception, an exclusive, by-invitation event held on the evening of 18 November 2024. It will be officiated by Singapore's Deputy Prime Minister and Minister for Trade and Industry Gan Kim Yong. The reception provides a unique opportunity to engage and network with a distinguished group of agri-food corporates, start-ups, entrepreneurs, business executives, investors, policymakers, research scientists, and trade partners.
