Euroky®️, the world's first physician-approved and evidence-based multifunctional vitality drink, has officially launched in Miami. Designed to optimise vitality and well-being, Euroky®️ provides a scientifically formulated blend of premium ingredients to support rejuvenation, immunity, cognition, and energy®️all in a delicious, lightly carbonated beverage.

Developed by an American Board-Certified Plastic Surgeon and a seasoned food and beverage expert, Euroky®️ delivers 5 grams of Marine Collagen from France, clinically shown to rejuvenate skin by reducing facial wrinkles, increasing elasticity, and improving hydration. Additionally, this protein supports bone, tendon, and joint health while Biotin also acts to maintain healthy nails and hair.

Euroky®️ also enhances immune function with soluble fibre Beta-glucans from Wellmune®️, a proprietary ingredient and trademark of a Kerry Company, backed by extensive research demonstrating significant immune-boosting benefits, particularly for respiratory health. Complemented by Vitamin C and Elderberry Extract, Euroky®️ promotes defence against environmental stressors while offering a refreshing wild berry flavour.

Euroky®️ combines Ginkgo Biloba and Ginseng, which increases blood flow and oxygenation to the brain, which enhances your focus and cognitive performance. Ginseng is also recognised for its role in boosting energy and stimulating intimacy.
