

Bisleri International Pvt. Ltd. unit transitions to solar with Sunsire partnership

28 November 2025 | News

Sunsire Energy, India's preferred Round-the-Clock renewable energy solutions provider for leading businesses and utilities, has signed a long-term renewable Power Purchase Agreement (PPA) with Bisleri International Pvt. Ltd., India's most recognised packaged drinking water brand. Through this agreement, Sunsire will supply clean solar power to Bisleri's manufacturing facility in Sahibabad, Ghaziabad, Uttar Pradesh. This transition to renewable energy will also significantly reduce Bisleri's carbon footprint, avoiding nearly 2,700 tons of CO₂ emissions each year.

Sunsire Energy, India's preferred Round-the-Clock renewable energy solutions provider for leading businesses and utilities, has signed a long-term renewable Power Purchase Agreement (PPA) with **Bisleri International Pvt. Ltd.**, India's most recognised packaged drinking water brand. Through this agreement, Sunsire will supply clean solar power to Bisleri's manufacturing facility in **Sahibabad, Ghaziabad, Uttar Pradesh**. This transition to renewable energy will also significantly reduce Bisleri's carbon footprint, avoiding nearly 2,700 tons of CO₂ emissions each year.

The partnership will enable Bisleri to meet **48% of its electricity requirements through renewable energy**, transitioning a major share of its energy consumption to solar. Sunsire will supply renewable power to Bisleri's Sahibabad facility from its 82.5 MWp solar plant in Erach, Uttar Pradesh, ensuring reliable and consistent green power for the long term.

"We are proud to welcome Bisleri International to the Sunsire family," said **Mr. Shashank Sharma, Founder & CEO, Sunsire Energy**. "We have been supplying green power to several leading FMCG companies, adding Bisleri strengthens Sunsire's position as the preferred renewable energy partner for FMCG businesses in Uttar Pradesh and India. This agreement adds another milestone to our '*UP Shakti*' story as we continue to strengthen green energy infrastructure across the state."

Commenting on the association, **Mr. Angelo George, CEO, Bisleri International**, said, "Partnering with Sunsire Energy marks a pivotal step in our journey under the Bisleri Greener Promise – reinforcing our commitment to sustainable growth. By sourcing nearly half of our Sahibabad facility's power from solar, we not only lower carbon emissions but also secure cost-efficient and reliable green energy for the long term."

This agreement comes as Sunsure strengthens its presence in Uttar Pradesh through its 'UP Shakti' initiative. Sunsure recently commissioned its 10th solar plant in the state, expanding its total operational open access capacity in Uttar Pradesh to over 260 MWp, supplying power to industries across FMCG, data-centre, ceramics, and metals sectors.
